## ICA Membership

The Industrial Crops Association (ICA) is a membership body promoting regulated industrial hemp and medical cannabis as viable cash crops for Malawi. We encourage transparent education and awareness of the crops to generate new ideas, we collaborate with different players across sectors to develop new industries and we advocate to bring a legitimate and positive framework, effectively implemented by the Government. Our mission is to be an internationally recognised leader, fostering industries of viable crops for the benefit of Malawi and its people, to help lift the country out of poverty.

The ICA is looking for trusted partners to help achieve this. We are creating a family of like-minded people all striving for the same outcomes who can work collaboratively to bring vivacity and prosperity to the cannabis industry and to Malawi. The ICA relies on commitment and membership to function. We raise funds for daily operations, government engagement activities, and awareness raising events.

Membership is paid annually each January. If you join us during the year, your first year will be prorated to the number of months remaining for that calendar year. Payment is via cash, cheque or bank transfer.

Read more on pricing and membership benefits in this pack, then fill in the application form on the ICA website: [www.ica-malawi.org/join](http://www.ica-malawi.org/join) or this paper copy and submit in person to the ICA administrator. After submission, the administrator will assess your application, and get in touch within 7 days.
